April and December were highest and lowest respectively in both Sales and Profit

California dominated total sales, contributing nearly 2.5x more than the lowest (Illinois).

However, Florida had the highest profit margin (50%), edging out California by ~3%.

Microwave (Home Appliances) was the highest-selling product by revenue, with its category also leading in profit margin (49%).

Sports & Fitness drove the highest sales with highest total ordered quantity (145); and Dumbbells (Sports & Fitness) were the most purchased product (53).

Bob led in sales (170k), but Grace outperformed in profit & profit margin (57%). Grace's sales were concentrated in Sports & Fitness & Home Appliances, but her highest-margin came from Clothing & Home Appliances (71%).

Frank had the lowest sales & profit, but his profit margin was ~10% better than Dave's (35%).

Dave had the lowest profit margin, dragged down by a 4.23% record in Pennsylvania.
