By Location:
Uptown
leads,
followed by
Suburbs

Yearly Trend: Highest
in 2024, slight dip in
2026

Product Performance

Products Sales Performance
Across Locations

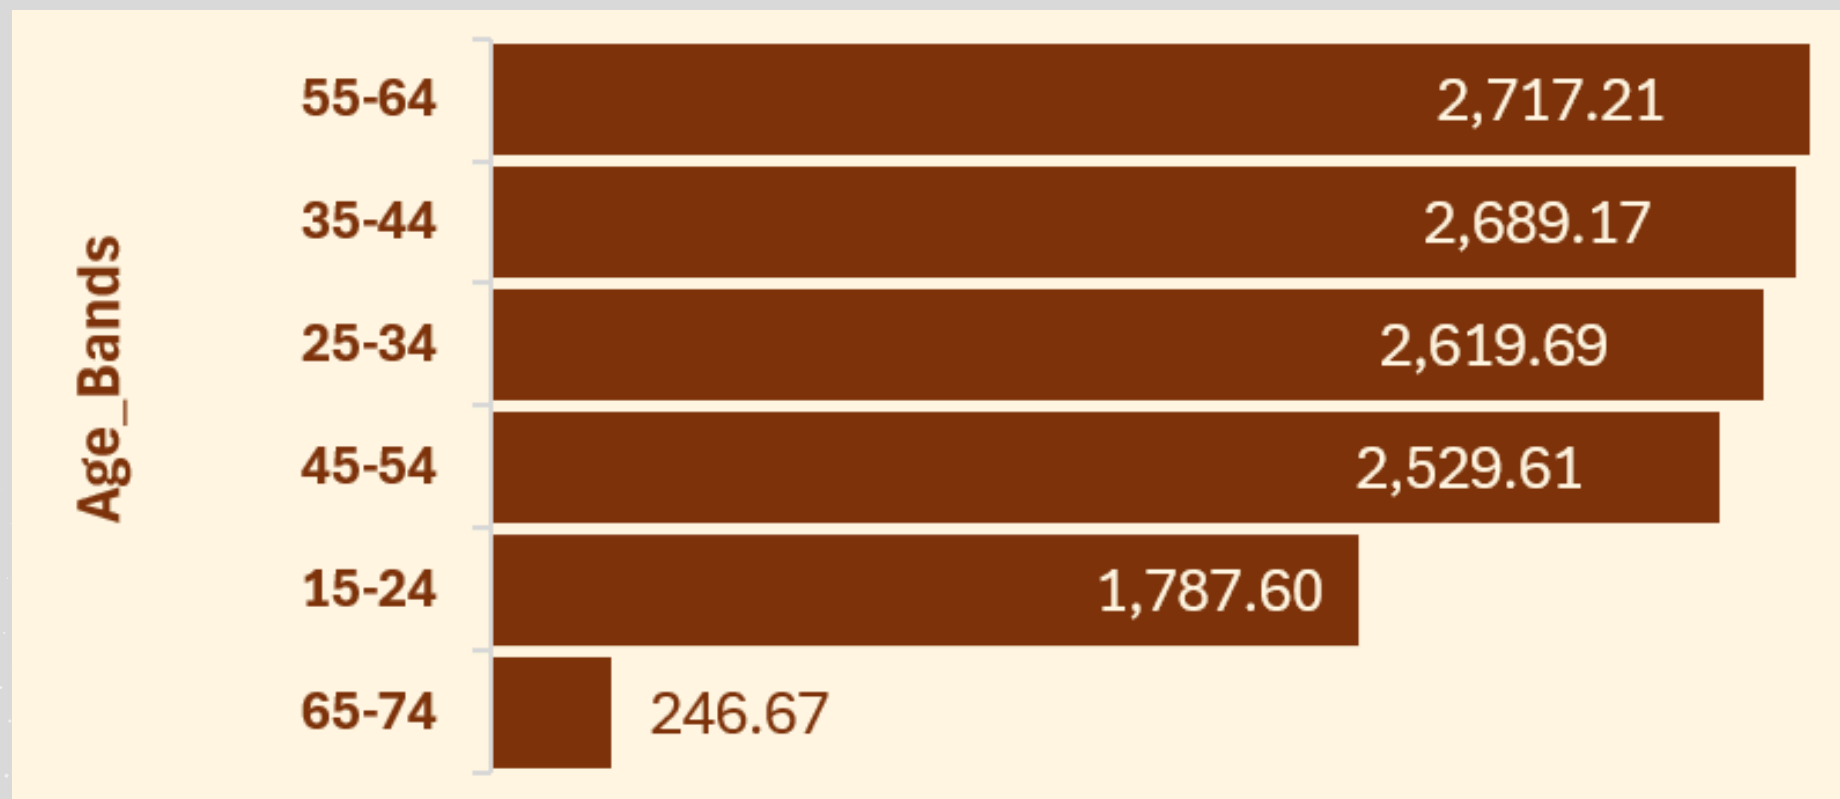

Product	Uptown	Suburbs	Downtown	Airport
Muffin	★	★	★	★
Cappuccino	★	★	★	★
Iced Tea	★	★	★	★
Latte	★	★	★	★
Croissant	★	★	★	★
Sandwich	★	★	★	★

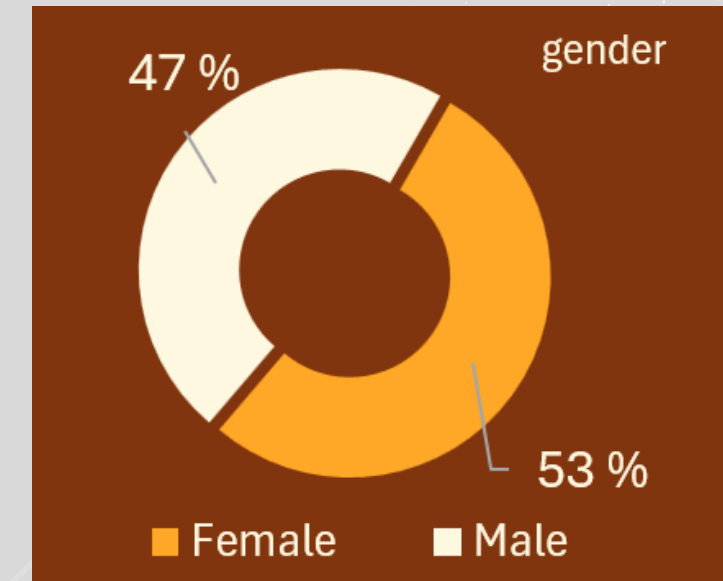

Customer Demographics

Strategy: Leverage age-gender target marketing, using persons from leading age-gender in tele-social marketing

Age Group
driving Sales

Gender
Distribution

top 3 preferred item

Croissant	179
Muffin	178
Sandwich	176

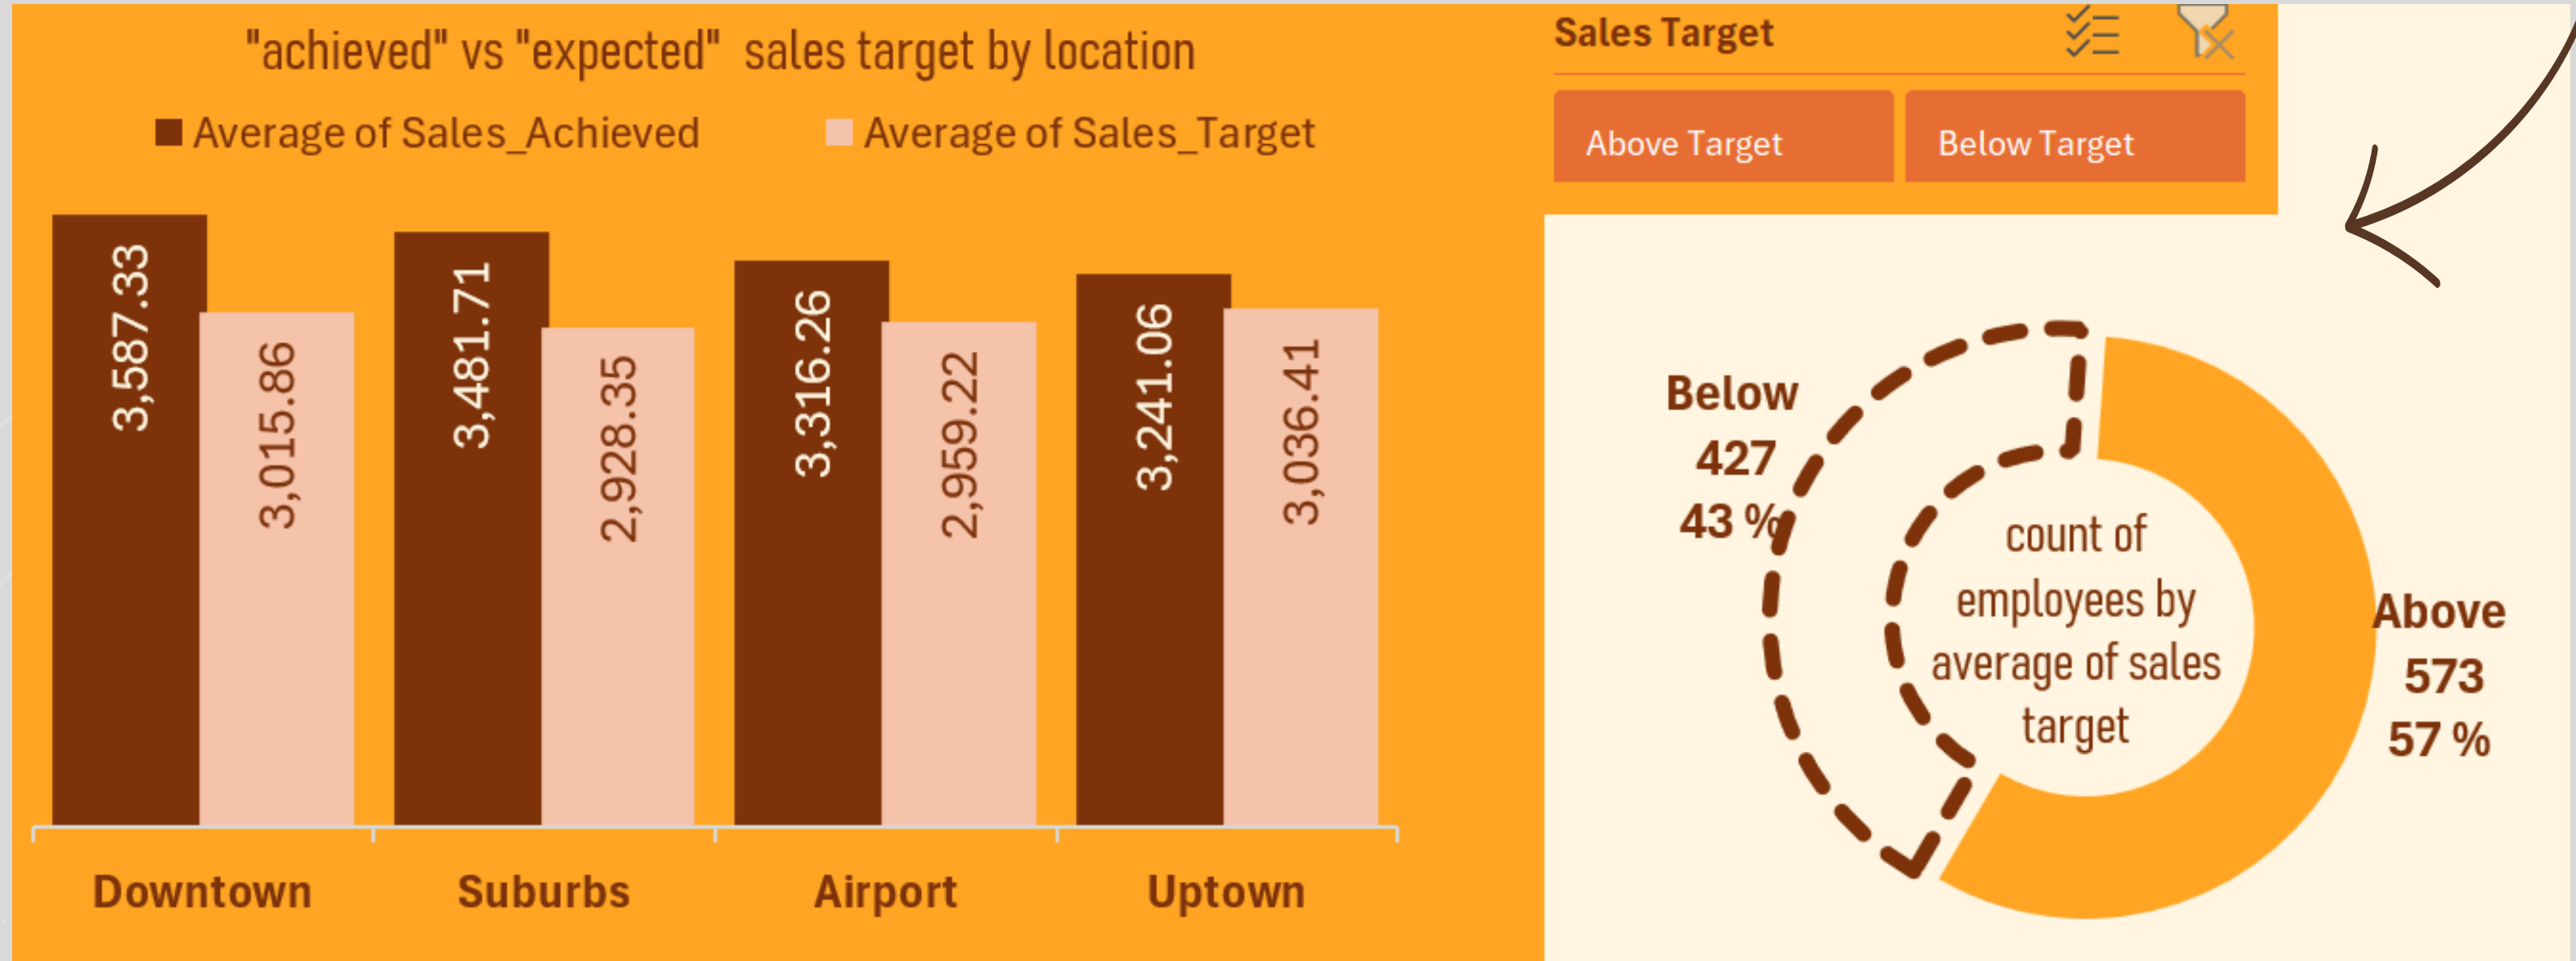

Employee Performance

Comparing "achieved sales target" vs "set sales target"

All location exceeded individual average sales target; with "Downtown" in the lead

Over half of employees made sales above the average sales target

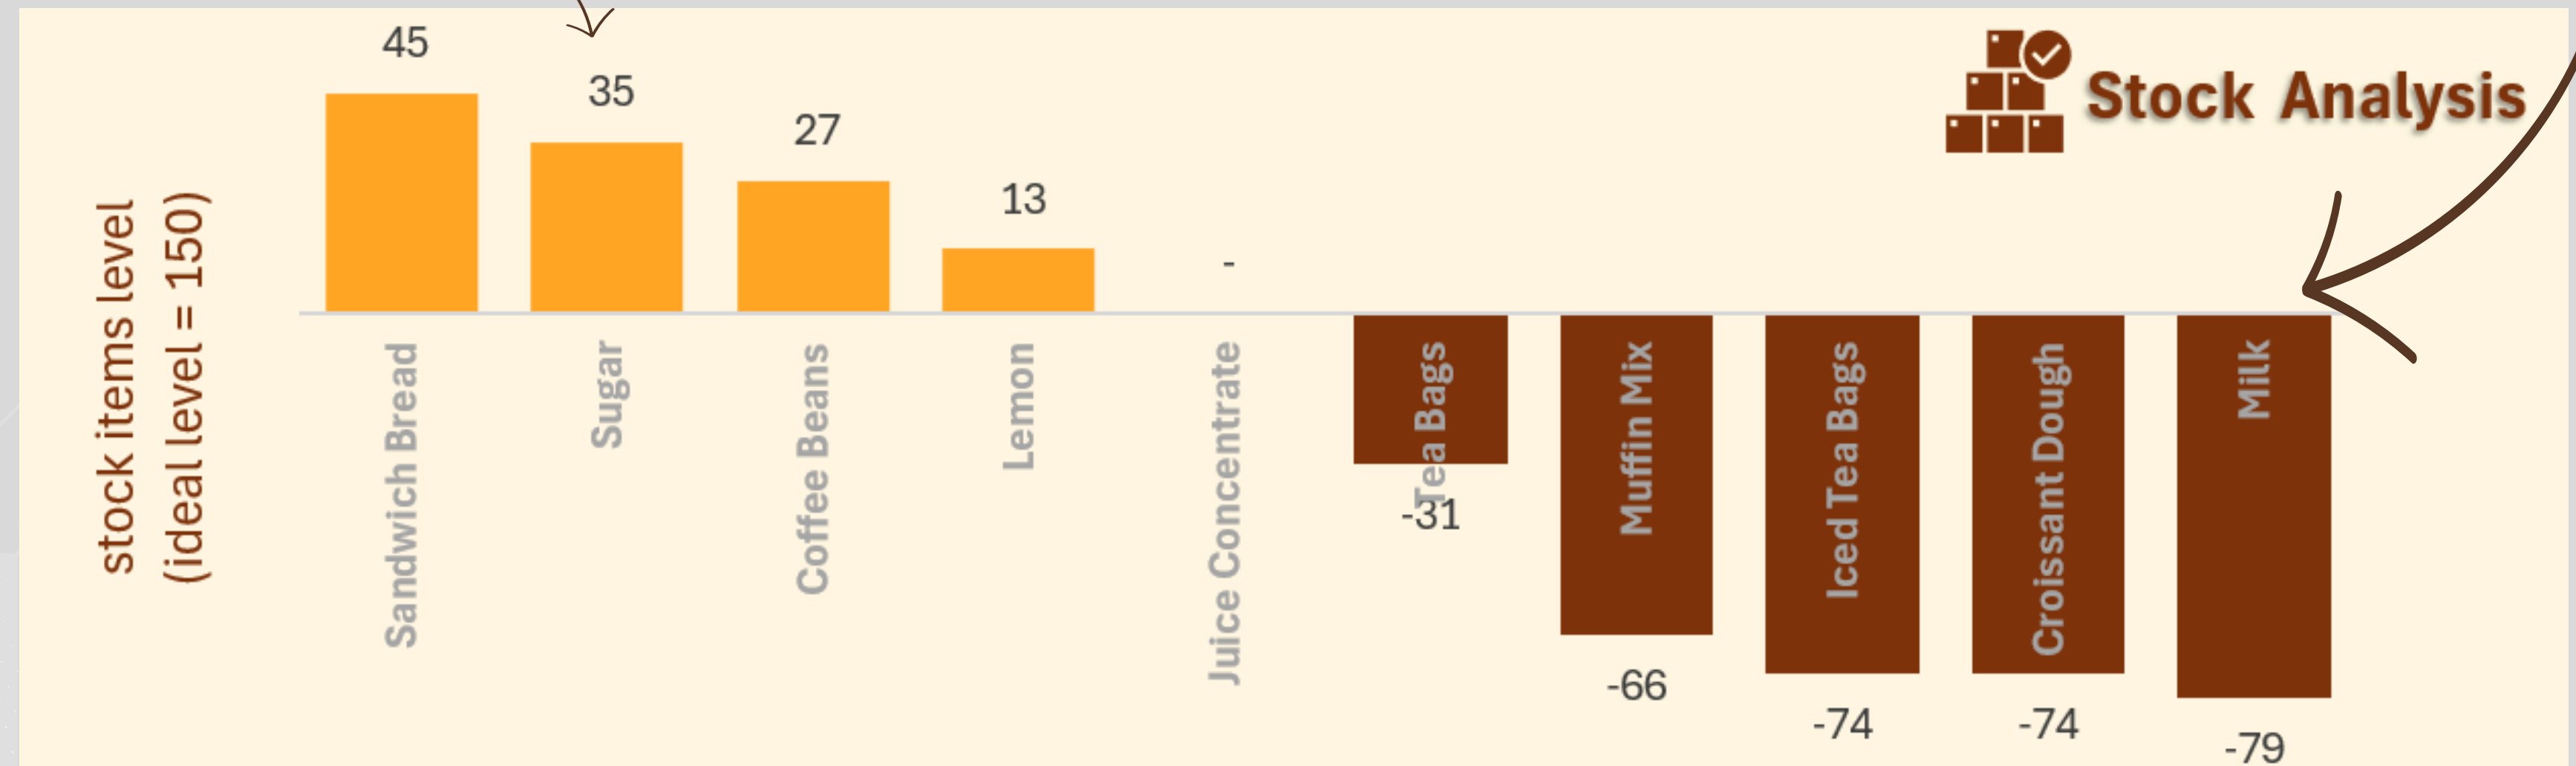

Stock & Inventory Analysis

Top moving stock item: Milk

Stock item at ideal level: Juice Concentrate

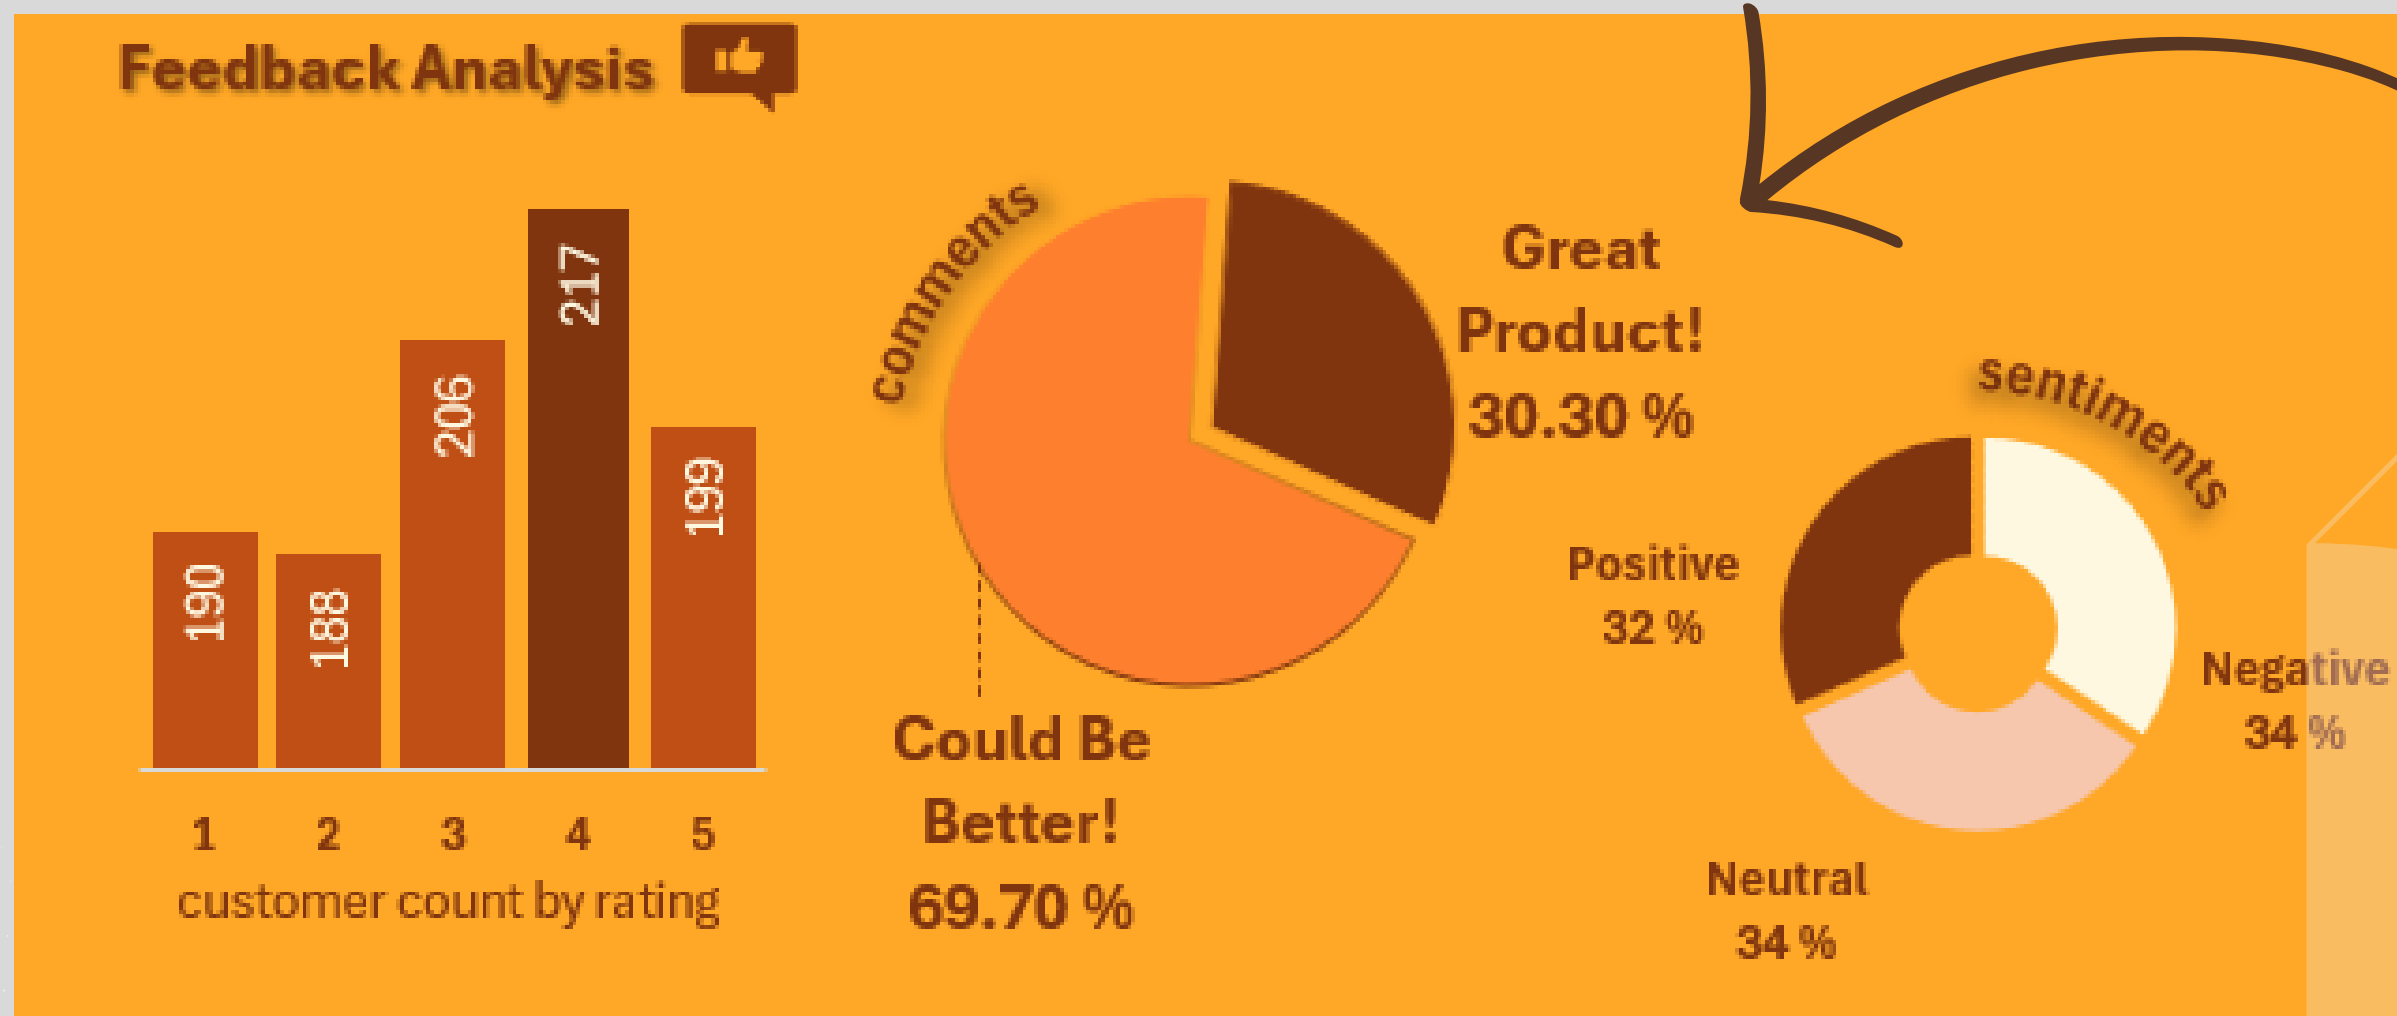

Count of Overstocked Items: 4
[40% of total items]

Count of Understocked Items: 5
[50% of total items]

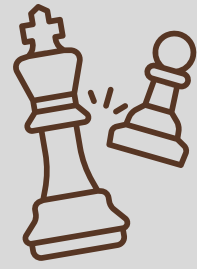

Feedback Analysis

Why high percentage of "Could Be Better" comment:

- Poor In-Store Experience
- Varying Service Quality Across Locations
- Overburdened and Untrained Employees
- Gaps in Training Programs
- Limited Investment in Employee Development

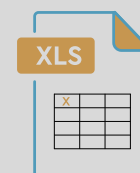

Strategic Insights & Recommendations

- Focus on inventory management to avoid understock
- Upskill employees in underperforming locations
- Improve service quality based on customer feedback
- Promote best-selling products & explore upselling
- Target high-contributing demographics with loyalty campaigns
- Implement A/B testing for promotions and compare effect on sales
 - Promotion A: 10% off Muffins
 - Promotion B: Buy one Muffin, get one 50% off
- Regular feedback analysis loop
